Specifications

CBW style markerboards. CBW style markerboards shall be constructed of 28 (optional 24) gauge porcelain enamel steel writing surface laminated to 1/2" particleboard and backed with a .005" aluminum moisture barrier. CBW markerboards shall be framed with a solid red oak moulding. Boards up to 3' x4' with a 1-3/8" face moulding and larger than 3' x4' with a 1-7/8" face moulding. All corners shall be mitered and closed to a hairline joint. Solid red oak marker chalktray with rounded corners shall be provided.

The 16' and 20' markerboards will be supplied in two sections with 1/2" aluminum anodized joint strip or splined joint. Frame sections to be joined will be dowelled at our factory.

Optional:

- Other wood species
- Staining or painting to match sample (provided by customer)
- Map Rail / Display rail and other accessories
- Map roller brackets (pair)
